Miss Verna E. Welborn, who  
for the past four years has been  
principal of the High School  
here, but is now teaching in the  
High School at Senath, paid us a  
very pleasant visit last week.  
Miss Welborn is getting along  
nicely in her new position and  
we predict for her a very suc-  
cessful school year. Just now  
Senath school is having a vaca-  
tion for cotton picking.

School was dismissed last Fri-  
day for the County Fair at Car-  
uthersville. On behalf of the chil-  
dren of this district we wish to  
thank the officials of the Fair for  
the complimentary tickets which  
were sent to us. Judging from  
the crowd of school children  
who attended, it is safe to say  
that sixty per cent of the tickets  
were used.

One of the attractions at the  
County Fair Friday forenoon  
was a game of football between  
our boys and Caruthersville  
boys. Although outclassed fully  
12 pounds to the man, our boys  
put up a plucky game.

It was plain to see that it was  
pounds that won, as our boys  
displayed superior team work  
throughout the game; but being  
outclassed so much in size, the  
boys were unable to drive home  
a play when once they had put it  
in action. Our boys were de-

### An Educated Boy.

He is honest, hates a lie and  
will not stand by and see a bully  
tease a younger boy. He is po-  
lite. He lifts his hat to the ladies  
and is kind and considerate of  
old people.

He does not spend all his time  
studying, but when a teacher as-  
signs a lesson he gets it thor-  
oughly. He is considerate of  
dumb brutes, and protects the  
birds. He is full of life as a  
dynamo, and when he plays he  
plays hard—but fair.

He is clean and pure in his  
thought, life and habits. Not a  
bully or a sissy—but a gentle-  
man. He realizes that there are  
a number of things that he does  
not know and that his father and  
his mother are his best friends.

When he tells you a thing you  
know it is the truth, and above  
all, he is a boy who can be  
trusted. We honor him—a boy  
who is educated.—Exchange.

feated but not discouraged by  
no means; since they were en-  
abled to withstand the on-  
slaughts of such a large team it  
has convinced them that a victory  
is in store for them when they  
go against a team of their size.

Kennett High School boys will  
play our boys here October 13.  
The game will be called at 2 p.  
m. We hope everyone will keep  
in mind the date and come out  
and lend the boys your support.  
This will be the only game of  
football played in Hayti this sea-  
son. We are making our sched-  
ule short.

Report cards for the first  
month will be delayed a few  
days, but after this month we  
will get them to the parents  
promptly, and we hope they will  
be examined carefully and re-  
turned promptly. Any time you  
think the report does not show  
up properly consult the teacher.  
It is our intention to co-operate  
with parents for the betterment  
of the children.

### An Educated Girl.

She is honest, truthful and not  
given to gossip. She thinks  
more of her mother than of any  
one else, and spends more  
thought on her lessons than on  
the boys. She dresses plainly  
does not bedeck herself with  
cheap jewelry or extravagant cos-  
tumes. She can converse intelli-  
gently without giggling inces-  
santly. She may chew gum oc-  
casionaly, but she does not pub-  
lish the fact to the world. She  
may be beautiful, but she does  
not impress you as being con-  
scious of it. She knows that her  
mother is capable of advising  
her, and she respects the opin-  
ions of her father. She is ac-  
complished in the domestic arts  
and practices them daily. She  
thinks enough of her mother  
that she often asks her to rest  
while she finishes the task of the  
hour. She is polite, considerate  
of older people, and a friend to  
the younger children. In public  
gatherings she does not attract  
attention by loud talking, cease-  
less whispering or commenting  
on this or that.

She is sincere, sympathetic,  
hospitable, and, above all, she is  
a lady—as such she will have the  
respect of the entire community  
and as such we honor her—a girl  
who is educated.—Exchange.

W. P. Meate and wife and  
Miss Cora Mae, was among those  
from this city who attended the  
Veiled Prophet at St. Louis this  
week.

Miss Edith Bilderback has  
been employed as bookkeeper for  
the Compress Gin Co., at Senath.  
Miss Nona Hall, who held that  
position for several years, having  
resigned to return to her home  
at Albion, Ill., on account of the  
poor health of her mother.—Ken-  
nett News.

Lamps are sold only at Lef-  
lers' Drug Store.

Hereafter in Canada there will  
be no Methodist Church, no  
Presbyterian Church, no Con-  
gregational Church. These three  
churches have been merged in  
the membership, their property  
and all their interests and will  
become "The United Church of  
Canada." This new church will  
be the largest and most influen-  
tial Protestant denomination in  
that country, with 10,000 church  
buildings, 600,000 actual church  
members and a constituency of  
more than one-fourth of the  
population of Canada.—Sikeston  
Standard.

John T. Buckley and wife are  
in St. Louis this week, going up  
Monday night so as to attend the  
Veiled Prophet. While there  
they will also select a new and  
big fall stock of merchandise.  
Mr. Buckley told the Herald that  
he had many surprises this year  
for his many customers, and they  
undoubtedly will benefit from  
them.

Why not buy the best flour, when it  
costs no more than cheaper brands?  
Try Lee Brand. Sold exclusively  
at Averill's Store.

R. C. Rinehart of Kennett was  
looking after light business in  
our city Wednesday. He in-  
formed us that the work of erect-  
ing the line between this city  
and Caruthersville would begin  
next Monday, and before long  
we would have continuous service.

Woodrow Wilson Ties for young  
men and old men. Be patriotic. Buck-  
ley.

Miss Myrtle Robertson was in  
Caruthersville the latter part of  
last week visiting Miss Mary  
Spalding and several friends.  
Upon her return home Sunday,  
Miss Spalding accompanied her  
for a few days with friends.

J. H. Chostner, who is teaching  
at Cooter, Pemiscot county, is at  
home for a few weeks, during  
the cotton picking season.—

The contract for the construc-  
tion of a concrete wall along the  
Frisco right-of-way next to the  
river front for the purpose of  
affording protection from  
future overflows was let last  
Monday by the St. Francis Levee  
Board, the firm of Pierce & Pow-  
ers, of this city, being the suc-  
cessful bidders. The contract  
price calls for \$6.75 per cubic  
foot for concrete work and 25c  
per cubic foot for the necessary  
excavation in setting the founda-  
tion for the wall.

As stated last week, this wall  
will be something like 2,000  
yards long, extending from the  
Frisco spur above town to the  
vicinity of the Dillman works be-  
low, and will average about eight  
feet in height, ranging from five  
to ten feet as the contour of the  
surface may make necessary.  
It will be about three feet higher  
than the railroad dump, which  
has heretofore furnished suf-  
ficient protection, and therefore  
should be ample to provide for  
all emergencies in future.

The work is to begin not later  
than October 10th and the con-  
tract calls for completion by  
December 1st. Some fear is felt  
that it may be difficult to do the  
concrete work at the season of  
the year covered, owing to the  
frosts and freezing incident to  
the season, but the contractors  
believe they will be able to com-  
plete it without a great deal of  
trouble. It will be an excellent  
thing for this city and the resi-  
dents will need to feel no fear  
from possible overflows after it  
shall have been constructed.—  
Caruthersville Democrat.

A Maximum Hot Water  
Bottle or Fountain Syringe,

Secondarily, we want to, and are  
serving our customers in a satisfactory
